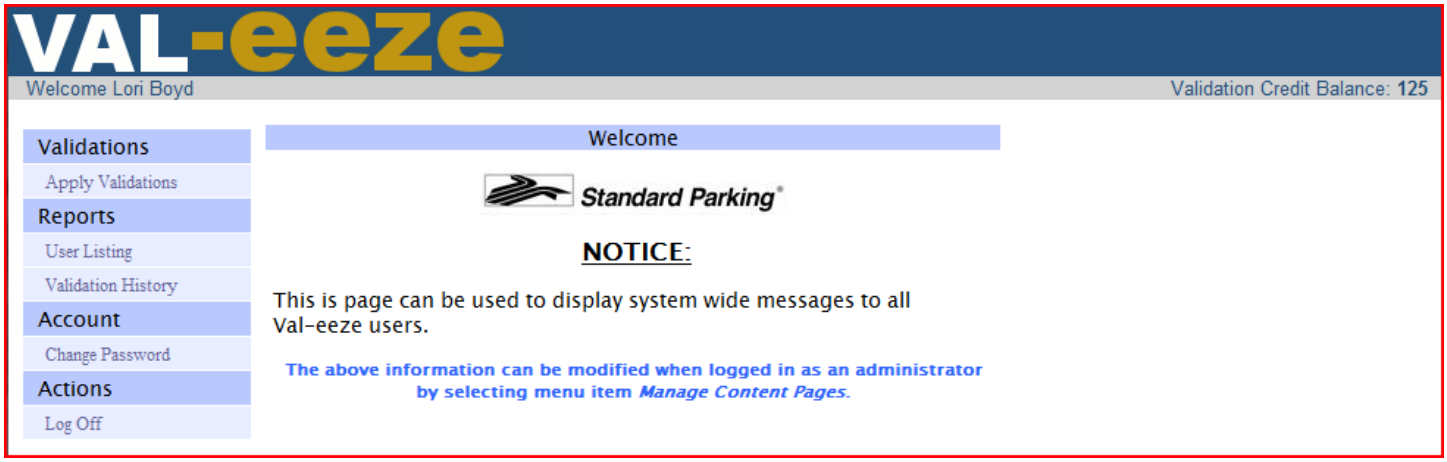
VAL-EEZE COMPANY ADMINISTRATOR / USER MANUAL

Val-eeze is a web based validation system that enables you to apply pre-purchased validations to your customer's parking tickets that is reached by using a web browser and going to the following IP Address:

http://12.237.188.135/valeeze/login.aspx

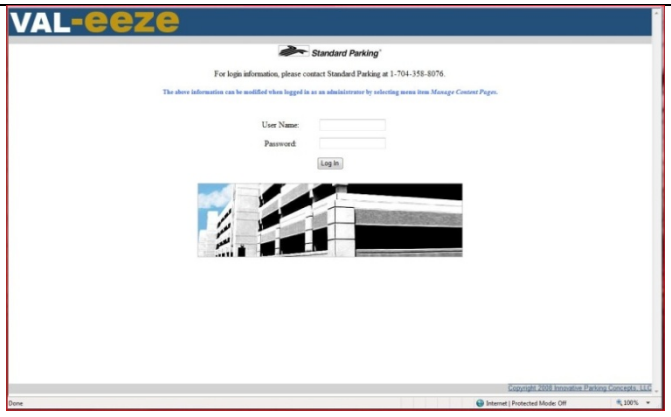
SYSTEM REQUIREMENTS

Val-eeze requires the use of a Microsoft Windows based PC running Windows XP or Vista and either Internet Explorer 7.0 or Mozilla Firefox 3.0



LOGGING IN

- Enter User Name & Password
- Click Enter



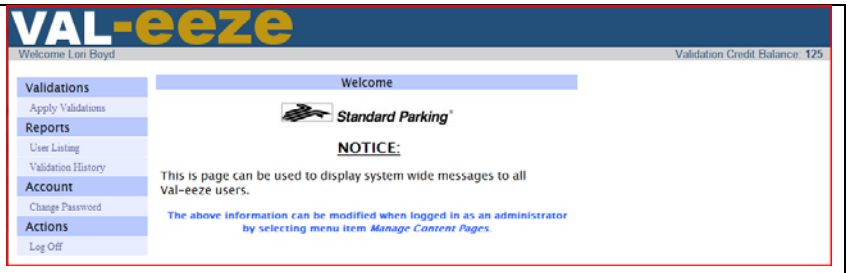
COMPANY ADMINISTRATOR / USER

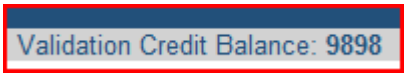
ADMINISTRATION

MAIN MENU

Validation Credit Balance

This is the amount of validation credits that your company has paid for. One credit equals one hour of time.





VALIDATIONS

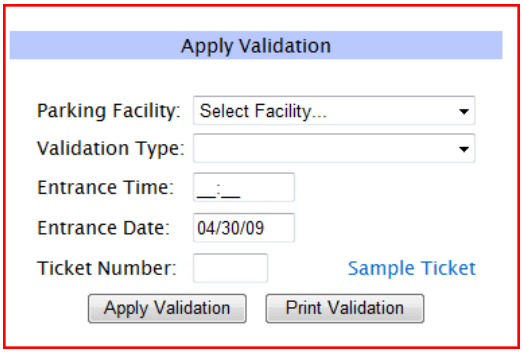
APPLY VALIDATION

From the drop down select

- The parking facility that the validation you are applying is valid for
- Select the Validation type
- Input the Entrance Time
- Entrance Date (default is current date)
- Ticket Number (click on sample ticket to identify these numbers if needed)

If the customer does not have their ticket with them:

- *Select* the Parking Facility
- Validation Type
- *Click* Print Validation (note: pop-up blockers must be disabled as this will open in a new window)



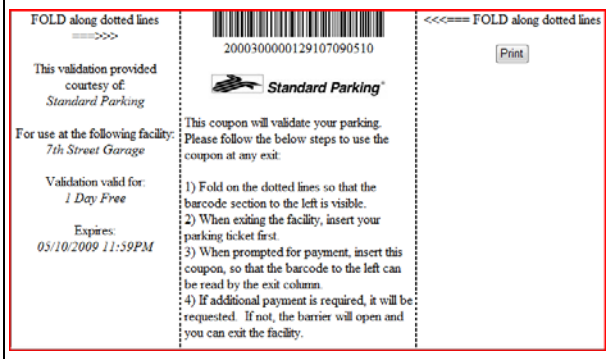
COMPANY ADMINISTRATOR / USER

PRINTED VALIDATION (sample)

After printing, the customer will then fold the page on the dotted line

When exiting the garage:

- They insert their ticket into the ticket slot at the exit column
- Then insert the printed validation into the Fit All Reader slot on the exit column. This is located to the right of the ticket slot



FOLD along dotted lines

This validation provided courtesy of:
Standard Parking
For use at the following facility:
7th Street Garage
Validation valid for:
1 Day Free
Expires:
05/10/2009 11:59PM
20003000001291070905l0
Standard Parking
This coupon will validate your parking. Please follow the below steps to use the coupon at any exit:
1) Fold on the dotted lines so that the barcode section to the left is visible.
2) When exiting the facility, insert your parking ticket first.
3) When prompted for payment, insert this coupon, so that the barcode to the left can be read by the exit column.
4) If additional payment is required, it will be requested. If not, the barrier will open and you can exit the facility.
